RULING ON ENTITLEMENT¹

On December 3, 2020, Danielle Rodriguez filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of an influenza vaccination she received on October 10, 2018. Petition at ¶¶ 1, 12-13. Petitioner further alleges her “vaccine related injuries have lasted more than six months.” Petition at ¶15. The case was assigned to the Special Processing Unit of the Office of Special Masters.

Respondent further agrees that “the records show that Petitioner timely filed her case, that she received the flu vaccine in the United States, and that she satisfies the statutory severity requirement by suffering the residual effects or complications of her injury for more than six months after vaccine administration.” *Id.*
